

## Call for Proposals

The Rhode Island Water Resources Center is soliciting proposals for FY 18. The Center awards grants to PIs for graduate student support for the academic year. This support includes tuition and stipend for in or out-of-state students. These grants require a 2/1 match. Proposals should address clean water issues in Rhode Island. Proposals are due on December 1, 2017. Proposals must be submitted electronically at NIWR.net. A list of instructions can be found on the Center's website <http://egr.uri.edu/wrc/>. For additional information please contact me at leonthiem@uri.edu.
